Apollo Chandelier & Wall Sconce Lamp

The newest members to join the Apollo family, Studio 0405's Apollo Chandelier and Apollo Wall Sconce, use refined, simplified design language to create sculptural and functional interpretations of traditional lamp archetypes. The unexpected contrast of the mouth-blown opal glass and industrial anodised aluminium arms shatters people's preconceptions of the nostalgic extravagance usually associated with the classic chandelier and sconce typologies and makes them stand out as very modern objects. Their elegant yet powerful visual expression makes them ideal for creating atmosphere in a variety of private and public places.

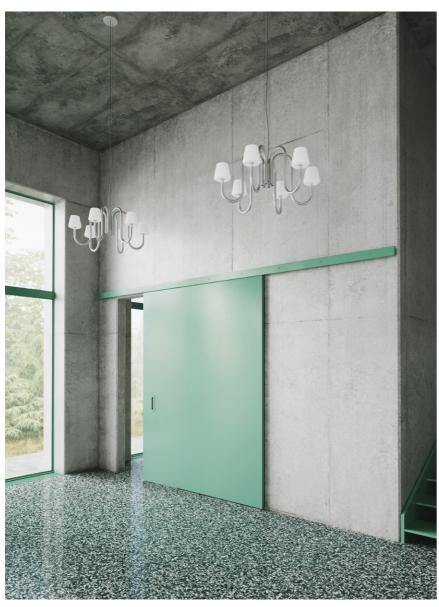

Apollo Chandelier 745 | 6 Arm

Apollo Wall Sconce
