# LBM Table Lamp

Inspired by compatriot Luis Barragán Morfín, Moisés Hernández' LBM Table Lamp is influenced by the Mexican architect's innovative use of geometry, colour and light. Just as the walls in Barragán's architecture serve as a frame that casts shadows to create colour and dimension, the LBM uses folded vertical sheet steel to create a similar poetic interplay of light and colour. The resulting design offers an ambient downlight with a subtle gradient effect and a unique, calming atmosphere, creating an artistic quality that is equally appealing both when in use and switched off. LBM's functionality and deliberately uncluttered design makes it suitable for a wide range of spaces and uses in domestic and corporate environments.

## LBM Table Lamp Design by Moisés Hernández

Moisés Hernández (b.1983) is a Mexican designer. He graduated from ECAL, Switzerland, in 2013 as a Master of Product Design, where he obtained special mention for his work. The following year he established his studio in Mexico City, a busy and colourful cityscape that influences Moisés' work, along with other aspects of vernacular Mexican culture, traditions and social contrasts that he uses to consider how objects can be improved utilising today's tools, materials and technology.

Moisés Hernández

In his work, Moisés seeks to use very simple shapes that he complements with colour and texture to bring warmth to the everyday objects that he designs. He has exhibited all over the world and received a number of prestigious design awards, as well as developing new concepts and products for Mexican and international companies.

Constructed from thin planes of vertical sheet steel and using an integrated LED light with inline step dimmer.

Inspired by Luis Barragán, Moisés Hernández' LBM Table Lamp is influenced by the Mexican architect's innovative use of geometry, colour and light.

LBM uses folded vertical sheet steel to create a poetic interplay of light and colour.

## LBM TABLE LAMP

DESIGN BY MOISÉS HERNÁNDEZ, 2022

Inspired by compatriot Luis Barragán Morfín, Moisés Hernández' LBM Table Lamp is influenced by the Mexican architect's innovative use of geometry, colour and light. Just as the walls in Barragán's architecture serve as a frame that casts shadows to create colour and dimension, the LBM uses folded vertical sheet steel to create a similar poetic interplay of light and colour. The resulting design offers an ambient downlight with a subtle gradient effect and a unique, calming atmosphere, creating an artistic quality that is equally appealing both when in use and switched off. LBM's functionality and deliberately uncluttered design makes it suitable for a wide range of spaces and uses in domestic and corporate environments.

### HIGHLIGHTS

- Part of a progressive and technologically advanced lighting collection.
- Innovative geometric table lamp available in various colours.
- Constructed from thin planes of vertical sheet steel with a sand finish powder coating.
- Equally appealing both when in use and switched off.
- Integrated LED light source with a life span of at least 25,000 hours of use with inline step dimmer.
- Magnet attached to cable that can be moved around for optimal and tidy cable positioning.
- The lamp is suitable for both private and office environments.
- Qualified for contract use.

### DIMENSIONS

WIDTH 22,5 CM

DEPTH 10,5 CM

HEIGHT 22 CM

### MATERIALS

#### SHADE

Sheet metal with a sand powder coating finish. Extruded aluminium component with a wet spray finish.

#### DIFFUSER

Polycarbonate diffuser.

#### CORD

Silicone cord with PVC cable exit and an inline step dimmer.

#### MAGNET

Drilled steel with a wet spray finish.

### COLOUR & FINISH

Please note that the colour codes are indicative.

CLAY

CREAM WHITE

LUIS PINK

TITANIUM YELLOW

TOMATO RED

### TECHNICAL SPECIFICATIONS

LIGHT SOURCE	POWER (WATTS)	DIMMABLE	POWER SUPPLY	IP	CORD LENGTH	SWITCH
Integrated LED	8W	Yes	220-240V AC at 50/60Hz	20	200 cm	Inline step dimmer

### TEST SPECIFICATION OUTPUTS\*

FLUX (LUMENS)	CCT (KELVIN)	CRI (1-100)
360lm	2800K warm white	>90

\*Photometrics and the test specification shown is taken using the integrated LED.

### PHOTOMETRICS

### CERTIFICATES

CE APPROVED

This product has been assessed and complies with the essential requirements of the relevant European directives.

Tested according to the following European EN IEC standards which relate specifically to electrical lighting products including:

- EN IEC 55015:2019/A11:2020 (radio disturbance)
- EN 61547:2009 (EMC immunity)
- EN IEC 61000-3-2:2019/A1:202 (EMC compatibility)
- EN 61000-3-3:2013+A1:2019 (EMC compatibility)
- EN 60598-2-4:2018 (portable luminaires)
- EN IEC 60598-1:2021 (general requirements)
- EN 62493:2015 (human exposure to EMC)
- EN IEC 62031:2020 (safety specifications)

### COUNTRY OF ORIGIN

China
