HAY

SOFT EDGE 72 STOOL

DESIGN BY ISKOS-BERLIN, 2016

Iskos-Berlin's Soft Edge series features an organically shaped design, blending strong curves with extreme lightness to create a three-dimensionality that is not normally possible with 2D plywood. The result is a minimalistic design that optimises human-centric comfort for constant shifting and movement. Featuring a wooden seat and legs in range of different finishes, the Soft Edge 72 stool is a shorter variant with the same seamless, unified expression that offers uncluttered aesthetics with a feeling of lightness. Its strength and functionality ensure years of everyday use in a wide range of public and private environments – from corporate spaces and cafés to home environments.

HIGHLIGHTS

- Part of a family of dining chairs, bar stools, stools and lounge chairs with steel base or solid oak legs or polypropylene seat and back with steel base.
- 3-dimensional form based on the latest developments in moulded plywood technique using ordinary plywood.
- Variety of seat and base colours and finishes.
- Suitable for a wide variety of private and public environments.
- Qualified for contract use.

DIMENSIONS

WIDTH 36 CM

DEPTH 36 CM

HEIGHT 47,5 CM

SEAT HEIGHT 47,5 CM

Latvia

SUSTAINABILITY

HAY focuses on developing long-lasting products that minimise our environmental impact. We optimise the use of sustainable materials such as recycled materials, FSC-certified wood and water-based lacquer, with a growing number of eco-certified products. We have strict regulatory requirements, and the majority of our products are tested to comply with international standards for strength, durability and safety.
