# ÉLÉMENTAIRE

---

With Élémentaire, Ronan and Erwan Bouroullec set out to create a chair that is both aesthetically and physically balanced. A mélange of years of work and experience, Élémentaire uses the latest technology to create a chair that is robust enough to be a long-lasting object while still appearing delicate. Precise proportions and a clear profile give

Élémentaire a charm that allows it to stand out on its own or look strong in a group. Designed for everyday life, Élémentaire fulfils basic needs in a balance of beauty and strength.

## CAUTION

---

**With a little care you can prolong the life of your furniture. Follow the instructions for the materials of your specific product to make sure that it stays in the best shape for as long as possible.\***

- When you move your furniture, make sure you lift it rather than pulling or pushing it to avoid damaging the floor.
- Avoid improper use such as sitting on the back or armrests, tilting the seats on their back legs, putting your feet on the furniture or standing on it.

\*The information below is only intended as a general guideline. For more information on how to remove specific stains, please enquire where you bought the furniture.

- Be careful not to scratch or damage the surface with sharp objects.
- Partially covering the surface with cushions, skins, etc. may cause colour variances in the exposed areas.
- Check the status of the gliders frequently and if worn down, contact your local retailer to buy replacements. The durability of the gliders will depend on the surface the chair is placed on.

### **Outdoor**

Wipe off the furniture if it is dirty or wet after rain or snowfall as this will damage the surface over time. Please note the surface/colour may fade if placed in direct sunlight all year round.

# CARE GUIDE

---

## **Plastic / polypropylene**

Wipe with a clean cloth wrung in water or in a solution of water and a neutral detergent. Remove soap residue immediately using a clean, dry cloth. Avoid using scouring cream or scouring pads, as they may scratch the surface. Do not use cleaning products containing alcohol, as they may damage the surface.

## **Storage**

The life expectancy of your furniture will vary depending on the weather and type of use. We recommend that you store it in a dry, ventilated place during winter and keep it protected from scratches and bumps.
